Dear Professor,

I hope this email finds you well. My name is Muneeb Ullah, and I hold a Bachelor's degree in Computer Science from the University of Agriculture, Peshawar, Pakistan. I am currently based in Islamabad and my research interests lie in **"Human-Computer Interaction (HCI) for Mental Health Monitoring and Intervention."**

I came across your work and was impressed by your contributions in the field. I believe your expertise would be invaluable to my academic growth, and I would be honored to pursue my Master's under your supervision.

Please find my CV and research proposal attached for your review. I would be grateful if you could consider my request and guide me on the next steps.

Thank you for your time and consideration.

Sincerely,  
Muneeb Ullah
